**Did you know esports is
Growing Fast and Furious?**

esport FUN FACTS

- Over 30 U.S. Colleges and Universities are offering programs and scholarships in esports!

Some of the better known colleges:

- Indiana Tech • Maryville University • Southwest Baptist
- Stephens College • The NYU Game Center
- University of California - Irvine • University of Utah

- More than 427 million people watch esports (2019)
- esports makes money off of investments, branding, advertising, and media deals - it is a 1.5 billion dollar industry (2017)
- The industry is expected to grow in double digit numbers each year over the next 10 years!
- Arenas are being built that are solely used for play of esports
 - including in Santa Ana and in Las Vegas at the Luxor
- Several professional leagues have formed, including eMLS that mirrors the professional soccer teams.

For More information on how the BrightEye
NXT's and Mitto products can get you in on the
ground floor of this growing industry.
